

REACH Information from Elektrisola

Dear customer,

Registration, Evaluation and Authorization of Chemicals (REACH) in Europe asks for registration of chemical substances in Europe after December 1, 2008. Polyimide tubing is not required to be listed, as it is considered as an “article”, not as a chemical substance.

Hereby Elektrisola declares that our polyimide tubing products fully comply with the **REACH Regulation (EC) 1907/2006** of the European Parliament, “Registration, Evaluation, and Authorization of Chemicals (REACH)”, as interpreted by EU Court of Justice decision C-106/14 of 10 September 2015 with respect to:

- i. Substances of Very High Concern (SVHC)
241 Substances **as of 27th Jun 2024**
(<https://echa.europa.eu/candidate-list-table>)
- ii. Authorisation List, the list of substances included in Annex XIV of REACH
59 Substances **as of 27th Jun 2024**
(<https://echa.europa.eu/authorisation-list>)
- iii. Restriction List, the list of substances included in Annex XVII of REACH
73 Substances **as of 27th Jun 2024**
(<https://echa.europa.eu/substances-restricted-under-reach>)

as published by ECHA until today.

All suppliers to European Elektrisola factories are in correspondence with REACH, so no problem of supply should occur.

Please contact us should you have any questions, or if we can be of further assistance.
